Focused Computer Science junior seeking a summer internship to apply creativity and coursework knowledge to coding projects and challenges

EDUCATION

University of Maryland, College Park, MD
August 2024 - present
- Major: Computer Science: Data Science
- Honors Program: Design, Cultures, and Creativity
- GPA: 3.5, Deans list

Baltimore Polytechnic Institute, Baltimore, MD
2020 - 2024
- Graduated with GPA: 4.0
- Project Lead the Way (Engineering and Design) Track
- Distinguished Honor Roll every semester

EXPERIENCE

App Design and Gamification, DevMinds — *Summer Intern*
Summer 2026
- Researched and designed a gamified incentive system for existing app
- Hand drew assets with developer handoff documentation

Data Entry and Analysis, BNIAJFI — *Summer Intern*
Summer 2025
- Aided with setup and execution of the annual Baltimore Data Day event
- Entered and analyzed survey data
- Researched and collected American Rescue Plan Act project location data

Summer Camp, Mar-Lu-Ridge — *Camp Counselor*
Summer 2023 and 2024
- Responsible for groups of 10+ overnight campers to ensure safety and positive camp experiences
- Planned and led recreation and educational activities daily

Middle School Ministry, Central Church — *Student Leader*
September 2021 - May 2024
- Problem solved to facilitate large weekly youth events for 20+ middle schoolers, fostering engagement through structured activities and group discussions

Ethics Club, BPI — *Team member and Captain*
2020 - 2022
- Led group discussions of modern issues through the lens of philosophy to prepare for the National High School Ethics Bowl
- Practiced philosophy, moral thinking, discussion skills, and teamwork

SKILLS

CODING LANGUAGES: Java, C, python, Ocaml, SQL

CODE EDITORS: Eclipse, emacs, VS code

ART: Oil painting, Procreate, Adobe Photoshop, Adobe Illustrator

AWARDS

BPI: Outstanding Artist of the Year: Visual Arts Award (2024)

BPI: "Project Lead the Way" Most Dedicated Award (2024)

BPI: Jacqueline Williams Award for Excellence in Mathematics (2024)

Scholastic Art and Writing Award: gold and silver key regional awards

COURSEWORK

Object Oriented Programming I and II

Computer Systems

Discrete structures

Calculus I and II

Applied Probability and Statistics

Algorithms

Intro to Data Science

Database Design

Intro to Machine Learning
